Technology-Enabled Adult Residential Facility Operations

PROFESSIONAL SUMMARY

- Computer Science graduate and ARF Assistant Administrator who builds practical software, data, and documentation systems for adult residential care operations.
- Current work spans direct resident support, Title 17/Title 22 compliance readiness, IPP quarterly reporting, SIR support, staff training records, licensing files, drills, and audit-ready documentation across multiple ARF homes.
- Known for translating complex care operations into searchable records, recurring workflows, dashboards, websites, and tools that make facilities easier to run and easier for families, staff, and agencies to understand.

CORE SKILLS

- ARF administration, resident-centered care, staff training records, safety drills, family and agency communication
- Title 17/Title 22 readiness, CDSS Community Care Licensing records, HCBS documentation, SIR support, IPP quarterly reports
- Python, Pandas, Streamlit, FastAPI, geocoding, data cleaning, dashboard development, CSV/Excel workflows
- Next.js, React, TypeScript, Tailwind CSS, Framer Motion, Lucide, website development, UX writing
- Microsoft Word, Excel, Google Workspace, records management, workflow design, AI-assisted drafting

EXPERIENCE

Assistant Administrator - Melinda's Guest Home I & II | Salinas, CA | Mar 2026 - Present

- Support licensing, program design, self-certification, staff training, drill logs, resident records, consultant files, and recurring compliance documentation for ARF operations.
- Prepare organized documentation sets and workflow guides that help administrators keep program, resident, staff, and facility records current and inspection-ready.

Assistant Administrator - Cauntay Board & Care Home | Salinas, CA | Dec 2025 - Present

- Maintain structured facility records across licensing, residents, staff, meetings, incidents/SIRs, consultants, quality/compliance, and recurring admin workflows.
- Create filing rules, templates, and date-based document systems that reduce duplicate records and make resident and facility documentation easier to retrieve.

Direct Support Professional - Park Ridge Adult Care Homes I & II | Salinas, CA | Jul 2024 - Present

- Provide direct support in two licensed adult residential facilities while documenting ongoing notes, weekly council logs, resident engagement, IPP quarterly report support, and incident follow-up.
- Assist with monthly staff meeting records, facility visit records, consultant files, administrator documentation, and compliance workflows for resident-centered operations.

Student Assistant - SDSU Sciences Technology Services | San Diego, CA | Nov 2022 - May 2023

- Supported 300+ users and 30+ computer labs through troubleshooting, website maintenance, software updates, hardware installations, and clear technical communication.

SELECTED TECHNOLOGY PROJECTS

ARF Atlas - Python, Pandas, Streamlit, FastAPI, geocoding

- Built a dashboard and data pipeline for ARF expansion research using CDSS facility exports, geocoded addresses, city/ZIP supply metrics, official-source monitoring, and shortlist outputs.

Park Ridge Adult Care Homes Website - Next.js, React, TypeScript, Tailwind CSS

- Developed a public care-home website with service pages, placement and career information, contact flows, and a lightweight FAQ chatbot for families and applicants.

Saive - Next.js, TypeScript, Prisma, Stripe, AI APIs

- Developed a subscription-based AI tools application with payments, authentication, product flows, and API integrations.

EDUCATION & CERTIFICATIONS

- B.S. Computer Science, Cum Laude - San Diego State University, 2024 | GPA: 3.6 | Dean's List
- Adult Residential Facility Administrator Certificate - California Department of Social Services, 2025
- Direct Support Professional Training Year 1 & Year 2 - California Department of Developmental Services, 2025
- Residential Services Orientation - San Andreas Regional Center, 15 CE hours, certificate expires Aug 4, 2027
